

**Fresh air**

Breathe is a progressive and innovative foundation dedicated to artists. All artists. We offer opportunities, embracing each artist's diversity and cultivating each artist's creativity.

**How to Breathe**

We enable and educate. Enable every artist—the struggling and the accomplished, the part-time and the professional. And educate all—the beginner and the experienced, the young and the young at heart. Breathe passes the torch from the established to the unknown, and helps make an artist's creative vision a reality.

How? Through grants, scholarships, educational programs, support groups and seminars. Through networking and mentoring. Through Artists Series and Master classes. Through lectures and workshops.

Through you.

**Come. Breathe differently.**

Inhale, and experience growth. Benefit from our network of contacts. Be mentored by someone who has been there. Explore possibilities with others who can help put ideas in motion.

Exhale, and enjoy the satisfaction of knowing you have opened a door for those in search of an opportunity. Give back what you can, and choose your means of doing so.

Have an idea? Bring it to life. Have knowledge and contacts? Share them and be a cornerstone for the future. Volunteer for a program or sponsor one.

Whatever role you choose, we are for you.

And you are for us.

**Join Breathe**

Get in on the ground floor and become part of something dynamic and rewarding—an organization with unlimited possibilities. A place where artists can grow exponentially, embark on adventures confidently, and above all, breathe freely.

A place for you.
